President's Notes Summer, 2022

Greetings fellow APT members:

Well, summer is here, and I am welcoming the sun, the green and the air conditioning. I want to thank our conference committee for another

great conference. I know I was able to take away some good information that will help me in my work and rejuvenate. If you missed our conference and even if you didn't, consider attending the National Conference in St. Louis on October 18-23.

I would like to bid a mixed good-bye to our two board members who are leaving this year. Jill Hunsberger and Jenny Beisner . Jill was our training chair for 3 years and Jenny has been one of our communication chair and editor of our newsletter for 4 years. It is sad to see them go off the board, but I am happy that they will be able to pursue other interests and I believe they will continue to be integral in IN Apt.

I am excited to welcome our 2 new board members. Flora Crim, RPT-S from Fishers, IN and Amanda Wyatt, RPT from Fort Wayne, IN.

I am also excited to announce our new RPT. Rebecca Shaffer, Kaitlin

Weikart, Amanda Wyatt, Jana Hernandez, Bethany Kellog, Brianna Swenson-Brock, and Ann Marie Ravenna.

I would also like to introduce you to IN APT's new officers. Past President, Tondra Crum-Worley; President, Claudia Dominik; President Elect, Toni Harmon; Secretary, BoHyun (Stella) Parks, Treasurer; Amy Earl.

Wow, we have a lot of new things to announce! I hope you all find some time to relax and enjoy the summer fun.

Claudia Dominik, INAPTFL

Book review by Board Member, Toni Harmon *The End* by: David LaRoche

The End is a book that portrays a fairy tale written from the “Happily Ever After” and then descriptions of why each thing happened. This book has several different ways it can be used in therapy. First, to discuss the end of a school year- what have you learned and what goals do you have for the next school year? Second, as a way to assess the events in their lives that have led them to this moment- how they have shown resilience, etc . Third, as a termination activity- reviewing all they have learned in their therapy work.
